I just wanted to say thank you for all your help during the BlogTalk 2008 event.

The positive feedback from the event was really amazing. Although BlogTalk is due to go to Korea next year, I do hope that the quality of the venue will inspire others to choose it for further occasions. It certainly will be my first choice if I am holding an event in Cork again. - Dr. John Breslin. Digital Enterprise Research Institute, NUI Galway.
